Leaders of Low Prices

Successful Demonstration of Leadership

Lies in the ability to do things that others only attempt or talk of. Our ability to lead the merchandising movement of Ardmore was abundantly proved last week. Our store was crowded with shoppers who developed into buyers as fast as they saw our offerings. Today we renew the spread of bargains with some tempting additions that will make June shopping profitable to those who come to the Big New Store. Don't miss a line. Read every word. Each one means a saving. These prices are for the coming week.

RICHTER'S WAIL.

Says He Can't Land a Profitable Political Position.

Topeka, Kan., June 26.—Harry Richter is not mourning over the loss of the appointment of United States marshal for the new Northern district of the Indian Territory. He was laughing with a crowd at the Copeland yesterday about the matter.

"I wouldn't be surprised," he said, "if Dave Mulvane would bring my commission with him when he gets back from Washington tomorrow. I think they must have been afraid to thrust it into the mails. However, if it proves correct, as reported, that I will not get the job, I guess I will have to go back to work."

"I have been very successful in politics in getting offices of honor and trust, but blamed if I could ever hitch up to an office of profit. To get an office of that sort I have never had any more chance than a stump-tail bull in fly time."

Richter was Senator Burton's candidate for the marshaling of the Northern district of the Indian Territory, but President Roosevelt saw fit to give the plum to Darrrough of Vinita, on the home rule platform. Richter will have to try something else.

ALABAMA LYNCHING.

Confessed His Intention to Kill Two White Ladies—Strung Up.

Laurel, Miss., June 26.—Wiley Campbell, a mulatto, who on Friday attempted an assault on Miss Alice Barefield, near Cocoa, Ala., was captured Saturday, taken to the scene of his crime and fully identified by the young lady, whose throat he had badly gashed with a knife, and also by her mother, who was knocked down and dangerously injured.

The negro voluntarily confessed his crime, stating that it was his intention to kill both the young lady and her mother, had he not been frightened off by a dog.

Immediately after the confession the negro was hanged to a tree and his body riddled with bullets. The crowd of 600 men then quietly dispersed.

Dewey Gives Some History.

Washington, D. C., June 26.—Admiral Dewey made a statement before the senate committee on the Philippines today concerning the early operations at Manila, when he was in command of the American naval forces in the Philippine waters.

The admiral's statement contributes an important addition to the history of the surrender of the city of Manila. This consisted of a positive statement by the admiral to the effect that the city had been surrendered to him at the time that the Spanish fleet was sunk, and that when the city did surrender it was in pursuance of a definite understanding between himself and the Spanish governor general.
